

## **Justification for Other than Full and Open Competition (JOFOC)**

Authority: 41 U.S.C. 253(c) , FAR PART 6.3

1. **Agency:** U.S. Environmental Protection Agency  
**Contracting Activity:** Office of Acquisition Management – Headquarters  
Procurement Operations Division  
**Contractor:** Definers Corp

2. **Nature and/or description of the action:**

EPA's Office of Public Affairs (OPA) is responsible for working with media to provide the public with timely, coherent information on environmental issues, and EPA actions and policies. Whether providing the media with press announcements; responding to media inquiries; or reacting to published stories, OPA works to achieve articles that accurately represent EPA's perspective. In order to accomplish this goal, OPA must constantly monitor media coverage and respond to inaccurate or incomplete stories. OPA may choose a number of methods to address these stories, including contacting reporters and editors to request corrections. OPA's ability to successfully address inaccurate or incomplete stories before the stories influence other reporters or are widely read is largely dependent on its ability to identify those stories shortly after publication, and OPA requires contractor support in order to do so.

3. **Description of the Supplies or Services:**

This is a sole source procurement subscription for a media support service. The service provides EPA with: 1) Intensive, near live-time "war room" coverage of media stories for specific topics, events or announcements; 2) access to a searchable database of past media content on EPA issues and topics; 3) a twice-daily compilation of news articles delivered once each business day by e-mail; and 4) high profile, breaking news stories during the day, delivered by e-mail. This service is vital to support the ability of EPA's Office of Public Affairs to fully monitor and respond quickly to breaking media coverage, which in turn supports EPA's ability to accurately provide information to the public on environmental and regulatory matters. This service also directly supports the Administrator and other senior EPA officials by providing them with timely updates on media stories.

7. **The contracting officer determines that the anticipated cost to the Government will be fair and reasonable due to the vendor's published rates, or other available price information.**

Yes, the CO has determined the cost to be fair and reasonable based on information received from the contractor.

8. **Description of the market research conducted (see FAR Part 10). If no market research was conducted, state the reasons:**

Leading providers Cision ([www.cision.com](http://www.cision.com)), Bulletin Intelligence ([www.bulletinintelligence.com](http://www.bulletinintelligence.com)), and Critical Mention ([www.criticalmention.com](http://www.criticalmention.com)) do not provide the combined services sought by EPA's Office of Public Affairs.

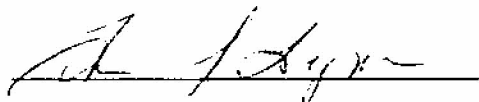

9. **Other facts supporting the use of other than full and open competition.**

Definers Corp. states that no other service gives their clients the high level and comprehensive search functions that it offers through its customized Console. Clients have the ability to tailor their tags and tailor who from their teams sees those tags. The storage and search functions of the Console are something no other clip service provides because they do not have the Definers proprietary Console.
